# Leisurelys Class Descriptions

<b>AQUAFIT</b>	Add water to your workout with a water-based class especially for active seniors. AquaFit is a great way to improve aerobic fitness and develop strength without the impact, making it easier on muscles and joints.
<b>BALANCE</b>	30-mins of functional stability training using props and exercises to improve your balance and coordination in everyday life.
<b>CIRCUIT STARTER</b>	This 45 minute circuit style class is only suitable for our more advanced members. You will do exercises to improve whole-body strength using free weights and other equipment. Have a chat with one of our instructors to find out if this class is right for you.
<b>DANCE</b>	This is a great class for improving fitness, balance and coordination in a fun environment. Don't worry if you don't have any experience, our instructor will take it step by step.
<b>GYM</b>	Have a go at using our quality gym equipment while working on cardiovascular fitness and strength. We'll show you how the gadgets work if you don't already know.
<b>GYM INTRO</b>	This 60 minute class is for new members of the gym or those who need a little more assistance. We will introduce you to the equipment and set you up with your own programme so you are confident in attending our regular sessions.
<b>PILATES</b>	One of the best forms of exercise for overall conditioning, toning and relaxation. Designed to help build flexibility, strength, endurance and coordination while strengthening your core and torso, and increasing circulation.
<b>RPM</b>	RPM is an indoor cycling workout, where you ride to the rhythm of music. Take on the terrain as your inspiring coach leads you through different tracks.
<b>STRENGTH</b>	This 30min class will help you build strong muscles and bones through resistance training. Using a mixture of free weights, bands and body weight exercises, our instructors will guide you and help you master the correct technique.
<b>STRETCH</b>	Gently stretch the muscles you didn't know you had. Our stretch classes help increase flexibility, reduce injury and improve mobility. Ask an instructor if this class is suitable for you as it requires greater mobility.
