

# 44 Glendhu Station Zone

## 44.1 Issues and Values

---

The Glendhu Station Zone is located on the southern and western slopes rising from the small southern arm of Lake Wanaka, known as Glendhu Bay and including Parkins Bay. The eastern end of the zone between the Wanaka-Mount Aspiring Road and the lakeshore is part of the delta of the Fern Burn. To the west is successively lake shore beach, then moraine and fluvial outwash followed by a small area of alluvial deposits immediately before the isolated mountain of which the Glendhu Bluff is part. All the remaining lower part of the zone is part of the subtly complex moraine field and associated glacial outwash terraces flattened in small areas by the remnants of beaches from earlier higher forms of Lake Wanaka. The northern portion of the zone encompasses the Rocky Mountain area above Diamond Lake. The Wanaka – Mount Aspiring Road runs through the zone on the flats from east to west before turning north through the Glendhu Bluff and extending west towards Treble Cone and the Matukituki River.

The Zone seeks to manage issues relating to:

- The protection of outstanding natural landscapes from inappropriate subdivision, use and development.
- Promoting access to and along the Fern Burn, Motatapu River, Matukituki River and Lake Wanaka.
- Protection, maintenance and enhancement of indigenous biodiversity.
- The provision of recreation and tourism facilities for the benefit of the local community and visitors.
- The provision of visitor accommodation set within a high quality landscape setting.
- Establishing a high standard of built form that responds to the landscape setting and amenity values of the rural area.

## 44.2 Zone Purpose

---

The purpose of the Glendhu Station Zone is to provide for residential and visitor accommodation within a rural setting, a high standard of built amenity an 18-hole championship golf course, other recreation and tourist amenities and to provide environmental benefits through the provision of public access, protection of open space and biodiversity enhancement. The Glendhu Station Zone covers an area of 2,834 ha of land set on the shores of Lake Wanaka, approximately 15 km west of Wanaka Township.

The spatial layout of development within the Glendhu Station Zone is set out within a Structure Plan, which provides for:

- (a) The Golf Activity Area (G), designed to incorporate the golf course, maintenance, operational facilities, underpasses, driving range, commercial golf instruction, public access trails and areas of indigenous revegetation, and any mining, utilities, infrastructure and vehicle access related to other activities anticipated in the zone.
- (b) The Lake Shore Activity Area (LS), designed to accommodate a series of buildings, including 12 visitor accommodation units, functions and events, links to a jetty to facilitate public access and water based transport, the golf course club house with restaurant and café, associated sales and offices, and associated golf activities, public access trails, vehicle access and parking, landscaping, and any utilities, infrastructure and vehicle access related to other activities anticipated in the zone.
- (c) The Residences Activity Area (R) provides for 50 residences and/or visitor accommodation units, public access trails, outdoor recreation activity, and areas of indigenous revegetation.
- (e) The Campground Activity Area (GS(C)) provides for the expansion of the campground activities across the Wanaka - Mount Aspiring Road, together with provision for a new road access alignment, public access trails and providing for farming, farm structures and limited mining and visitor accommodation activities.
- (f) The Farm Homestead Activity Area (GS(FH)) provides for a mixture of small scale commercial activities that are designed to complement and support the campground and visitor accommodation activities; including farm stays, conferences, events and functions (e.g. weddings), farm tours, and a small scale abattoir, butcher, packing shed, craft brewing and tannery within existing buildings, together with outdoor recreation activities, farming, farm structures, limited mining, public access trails and provision for a new road access alignment.
- (g) The Open Space Farm Activity Area (GS(OS/F)) provides for farming activities, outdoor recreation activities, including public access trails, farm access trails, areas of ecological enhancement and indigenous revegetation, small scale eco-themed visitor accommodation, and any mining, utilities, infrastructure and vehicle access related to other activities anticipated in the zone.
- (h) Additional design features shown on the structure plan, include:
  - (i) Public access trails and two Golf underpasses;
  - (ii) Primary access connections to the golf course, and residences;
  - (iii) Farm and Vegetation Management Areas; and
  - (iv) Covenant Protection Areas.

## 44.3 Objectives and Policies

---

### 44.3.1 Objective

**A high quality, tourism, residential and visitor accommodation development set within a framework of rural open space and outstanding natural landscapes, and providing biodiversity enhancement and recreation benefits.**

**Policies:**

- 44.3.1.1 To protect the character of the Glendhu Station, Glendhu Bay and Parkins Bay landscape from adverse effects of inappropriate subdivision, use and development by:
- a. Identifying areas with the capacity to absorb change based on the Glendhu / Cattle Flat Resource Study.
  - b. Avoiding development that would adversely affect those values that contribute towards high levels of naturalness and/or where an area has low ability to absorb change.
  - c. Managing effects on land to ensure that activities maintain or enhance the character and values of the landscape and minimise visible effects from public places.
  - d. Enabling the use of land, subject to:
    - i. maintaining views into the site when viewed from Lake Wanaka and maintaining views across the site when viewed from the Wanaka – Mount Aspiring Road; and
    - ii. establishing appropriate controls over building development within the Zone in order to maintain amenity appropriate to the activities within each Activity Area.
- 44.3.1.2 To recognise and provide for the role of the Open Space Farm Activity Area and the Covenant Protection Areas in protecting and enhancing open space and landscape values, ecological, recreational and other opportunities provide effects are appropriately addressed, in association with enablement of subdivision, use and development within the other activity areas.

- 44.3.1.3 To use a Structure Plan to establish the spatial layout of development within the zone, taking into account:
- a. Landscape and amenity values;
  - b. Biodiversity values; and
  - c. Roading, open space and public access trail networks.
- 44.3.1.4 To ensure subdivision and development incorporates the design elements shown on the Structure Plan.
- 44.3.1.5 To provide public access to and along the Fern Burn and the margin of Lake Wanaka, as well as through the wider zone, in the general locations shown on the Structure Plan.
- 44.3.1.6 To protect and enhance indigenous biodiversity values within and associated with development through a Revegetation Strategy.
- 44.3.1.7 To require the use of a Spatial Layout Plan for subdivision and building development within the Residences, Golf and Lake Shore Activity Areas. The Spatial Layout Plan is to identify the following features:
- a. The integration of building locations with landscape planting; and
  - b. Earthworks and re-contouring of land to assist visual absorption.
- 44.3.1.8 To require the use of a Spatial Layout Plan for the subdivision, use or development within the Campground Activity Area, for the purposes of:
- a. Providing a well-designed area for camping, which integrates areas for building, open space, landscaping, vehicle access, pedestrian connectivity and appropriate amenities;
  - b. Integrating development with surrounding activities;
  - c. Investigation of the potential for traffic safety improvements through development of a new access road through the Activity Area;
  - d. Enhancing indigenous biodiversity through planting of indigenous vegetation; and
  - e. Managing landscape and amenity values through appropriate setbacks from the Wanaka- Mount Aspiring road, a low intensity of buildings, additional areas of indigenous planting and preventing building on the terrace escarpments.

- 44.3.1.9 To enable the Campground Activity Area to develop as a camping ground.
- 44.3.1.10 To provide opportunities for residential and visitor accommodation within the Farm Homestead, Lake Shore, and Residences Activity Areas.
- 44.3.1.11 To enable development of commercial and visitor accommodation activities within the Lake Shore Activity Area where buildings:
  - a. Achieve a high standard of building design; and
  - b. Provide appropriate landscaping;to mitigate their effects on visual amenity and the natural character.
- 44.3.1.12 To provide commercial activity within the Lake Shore Activity Area associated with recreation and visitor accommodation activities.
- 44.3.1.13 To enable small scale commercial activities and services to be undertaken within the Farm Homestead Activity Area.
- 44.3.1.14 To enable the Golf Activity Area to be developed to accommodate a golf course, including associated earthworks, vegetation removal, structures, underpasses and facilities, green keeping, maintenance and operations.
- 44.3.1.15 To enable farming, outdoor recreation, a small scale eco-themed visitor accommodation and limited residential activities within the Open Space Farm Activity Area, and promote the use of land for a diverse range of activities that are reliant on the natural and physical resources of the rural area, where they appropriately manage adverse effects.
- 44.3.1.16 To ensure provision of appropriate servicing infrastructure, roading and vehicle access sufficient to accommodate actual and predicted demand.
- 44.3.1.17 To enable limited mining activities that contribute to the development of the zone, provided environmental effects are appropriately managed.
- 44.3.1.18 To avoid industrial activities, forestry, and factory farming.
- 44.3.1.19 To ensure that any development within the Zone avoids, remedies or mitigates potential effects on the environment while providing additional environmental benefits to the wider environment.

## 44.4 Other Provisions and Rules

---

### 44.4.1 District Wide

Attention is drawn to the following District Wide chapters. All provisions referred to are within Stage 1 of the Proposed District Plan, unless marked as Operative District Plan (ODP).

1 Introduction	2 Definitions	3 Strategic Direction
4 Urban Development	5 Tangata Whenua	6 Landscapes
24 Signs (18 ODP)	25 Earthworks (22 ODP)	26 Historic Heritage
27 Subdivision	28 Natural Hazards	29 Transport (14 ODP)
30 Energy and Utilities	31 Hazardous Substances (16 ODP)	32 Protected Trees
33 Indigenous Vegetation and Biodiversity	34 Wilding Exotic Trees	35 Temporary Activities and Relocated Buildings
36 Noise	37 Designations	Planning Maps

### 44.4.2 Clarification

- 44.4.2.1** References to the Structure Plan and to Activity Areas are references to the Glendhu Station Zone Structure Plan and the Activity Areas identified on that Structure Plan.
- 44.4.2.2** Any activity listed in Table 1 below which complies with all the relevant Standards detailed in Rule 44.5 Table 2 shall have the consent activity status described in the Key below and detailed in the right hand column of Table 1 beside the description of that activity.
- 44.4.2.3** Any activity which does not comply with a relevant Standard detailed in Table 2 shall have the consent activity status described in the Key below and detailed in the right hand column of Table 2 beside the relevant Standard.
- 44.4.2.4** Where an activity is a Controlled Activity, the matters in respect of which the Council has reserved control are listed with the activity.
- 44.4.2.5** Where an activity is a Restricted Discretionary Activity, the matters in respect of which the Council has reserved discretion are listed with the relevant Activity within Table 1 and any relevant Standard within Table 2.

## 44.5 Rules – Activities

Table 1:

RULE	ACTIVITIES LOCATED WITHIN THE GLENDHU STATION ZONE	ACTIVITY STATUS
44.5.1	(a) Any activity listed in <b>Rule 44.5.9</b> , which meets all other rules in Tables 1 and 2. (b) Farming Activities.	P
44.5.2	<p><b>Buildings</b></p> (a) Building (including the addition, alteration or construction of buildings) located within Activity Areas GS(C), GS(FH), G and LS (except as provided for in <b>Rule 44.5.2(d)</b> below), with the Council’s control limited to: <ul style="list-style-type: none"> <li>i. the external appearance of buildings, including colour, reflectance values and materials, with respect to the effect on visual and landscape values of the area;</li> <li>ii. visibility of buildings from the Wanaka – Mount Aspiring Road;</li> <li>iii. effects on indigenous biodiversity values;</li> <li>iv. infrastructure and servicing;</li> <li>v. associated earthworks and landscaping;</li> <li>vi. access and parking;</li> <li>vii. location of buildings;</li> <li>viii. exterior lighting; and</li> </ul>	C

RULE	ACTIVITIES LOCATED WITHIN THE GLENDHU STATION ZONE	ACTIVITY STATUS
	<p>ix. in respect of Activity Area GS(C), separation distance between buildings to reduce building dominance when viewed from Wanaka – Mount Aspiring Road.</p> <p>(b) Building (including the addition, alteration or construction of buildings) located within Activity Area G, outside the Golf Facilities overlay, with the Council’s control limited to:</p> <ul style="list-style-type: none"> <li>i. the matters of control within <b>Rule 44.5.2(a)</b>; and</li> <li>ii. The effectiveness of landscaping, earthworks and mounding (if any) at screening buildings from public views.</li> </ul> <p>(c) Building (including the addition, alteration or construction of buildings) located within Activity Area R, within a Homesite overlay, with the Council’s control limited to:</p> <ul style="list-style-type: none"> <li>i. the matters of control within <b>Rule 44.5.2(a)</b>;</li> <li>ii. Geotechnical suitability for building;</li> <li>iii. Integration with revegetation and mitigation planting contained within the Revegetation Strategy provided for within <b>Rule 44.5.4</b>;</li> <li>iv. Clearance of pest plants within each site and ongoing maintenance of pests and weeds;</li> <li>v. The effectiveness of earthworks and mounding (if any) at screening buildings from public views; and</li> <li>vi. The shape and design of earthworks, including their relationship to existing landforms.</li> </ul> <p>(d) Farm buildings located in Activity Areas GS(OS/F), GS(C) and GS(FH), limited to a maximum of 4m in height and a maximum of 100m<sup>2</sup> in area.</p> <p>(e) Within Activity Area GS(OS/F), two residential units located within Covenant Area CH within Lot 6 DP 457489 and Covenant Area CI on Lot 7 DP 457489, with the Council’s discretion restricted to:</p>	<p>C</p> <p>C</p> <p>P</p> <p>RD</p>

RULE	ACTIVITIES LOCATED WITHIN THE GLENDHU STATION ZONE	ACTIVITY STATUS
	<ul style="list-style-type: none"> <li>i. Landscape and amenity values;</li> <li>ii. Siting of buildings in relation to existing topography and landscape features;</li> <li>iii. External materials and colours;</li> <li>iv. Landscape planting;</li> <li>v. Associated earthworks; and</li> <li>vi. Vehicle access and provision of servicing infrastructure.</li> </ul> <p>(f) Farm buildings, other than specified above, located within Activity Areas GS(O/SF) and GS(C), with the Council's discretion restricted to:</p> <ul style="list-style-type: none"> <li>i. the external appearance of buildings, including colour, reflectance values and materials, with respect to the effect on visual and landscape values of the area;</li> <li>ii. effects on indigenous biodiversity values;</li> <li>iii. associated earthworks; and</li> <li>iv. bulk and location.</li> </ul>	RD
44.5.3	<p><b>Mining</b></p> <p>(a) Within Activity Areas GS(FH) and GS(OS/F), and limited to the mining of rock, aggregate and sand, for use only within the Zone, with the Council's discretion restricted to:</p> <ul style="list-style-type: none"> <li>i. the nature and scale of the mining;</li> </ul>	RD

RULE	ACTIVITIES LOCATED WITHIN THE GLENDHU STATION ZONE	ACTIVITY STATUS
	<ul style="list-style-type: none"> <li>ii. effects on indigenous biodiversity values;</li> <li>iii. remedial works and revegetation;</li> <li>iv. the effects on landscape and visual amenity values;</li> <li>v. the effects on land stability and flooding;</li> <li>vi. the effects on water bodies;</li> <li>vii. the effects on cultural and archaeological sites; and</li> <li>viii. noise.</li> </ul> <p>(b) Mining within any other Activity Area not provided for in <b>Rule 44.5.3(a)</b> above, or for use outside of the zone.</p>	D
44.5.4	<p><b>Residential and Visitor Accommodation Activities (all excluding buildings) in Activity Area R</b></p> <p><u>Information Requirements:</u></p> <p>An application for resource consent under this rule shall include a Spatial Layout Plan and Revegetation Strategy in respect to the whole of the Activity Area, and which may also extent into parts of Activity Areas G, GS(OS/F) and LS, subject to the application.</p> <p>(a) The Revegetation Strategy, shall include the following measures:</p> <ul style="list-style-type: none"> <li>i. A vegetation cover framework of Kanuka and other appropriate indigenous species in the short term, which can be become the basis for biodiversity enhancement as the zone develops;</li> <li>ii. Screening of residential buildings for viewers from the road;</li> </ul>	C

RULE	ACTIVITIES LOCATED WITHIN THE GLENDHU STATION ZONE	ACTIVITY STATUS
	<ul style="list-style-type: none"> <li>iii. To reflect the underlying of landform and soils in the indigenous vegetation cover of the Zone;</li> <li>iv. To achieve eventual revegetation of the Farm and Vegetation Management Area identified on the Structure Plan, where appropriate, with a mix of locally sourced indigenous species including Totara;</li> <li>v. To ensure that the "rough" areas of the golf course, being the vegetated areas not required to be mowed or otherwise maintained, regenerate naturally (excluding noxious weeds);</li> <li>vi. To provide fencing of the Farm and Vegetation Management Areas, where necessary, for protection from stock;</li> <li>vii. To link with other revegetated areas outside the site;</li> <li>viii. Details of the timing of planting in relation to the staging of building construction;</li> <li>ix. Details of the management proposed for up to 10 years after initial planting - site preparation, weed control, pest control, any watering or fertilisers, plant replacement, stock control and maintenance;</li> <li>x. Details of plant sources;</li> <li>xi. Protection measures for existing values, including riparian areas, wetlands, lake shore, water quality;</li> <li>xii. Integration of planting with other components of the development, including earthworks and construction; and</li> <li>xiii. Fencing of the regeneration area to define stock access routes.</li> </ul> <p>(b) The Spatial Layout Plan/s shall include further detail relating to:</p> <ul style="list-style-type: none"> <li>i. The location and alignment of vehicular access;</li> <li>ii. Subdivision layout; and</li> </ul>	

RULE	ACTIVITIES LOCATED WITHIN THE GLENDHU STATION ZONE	ACTIVITY STATUS
	<p>iii. Earthworks for the construction of mitigation mounding and earth re-contouring within Activity Area R.</p> <p><u>Matters of Control:</u></p> <p>Where the Council's control is limited to:</p> <ul style="list-style-type: none"> <li>i. Effects on landscape and visual amenity values; and</li> <li>ii. Effects on indigenous biodiversity values</li> </ul>	
<p><b>44.5.5</b></p>	<p><b>Camping Ground Activities within Activity Area GS(C)</b></p> <p>(a) Any Camping Ground within Activity Area GS(C).</p> <p><u>Information Requirements:</u></p> <p>An application for resource consent under this rule shall include a Spatial Layout Plan in respect to the whole of Activity Area GS(C).</p> <p>Council's discretion shall be restricted to:</p> <ul style="list-style-type: none"> <li>i. The layout and location of open space and camping ground activities, including indicative areas for any buildings (accommodation, administration/offices and communal facilities) and the management of waste.</li> <li>ii. Effects on landscape and amenity values, including to ensure terrace escarpments and areas immediate above any terrace remain free from activity, and the visibility and dominance of built form when viewed from Wanaka – Mount Aspiring Road.</li> <li>iii. Traffic and transportation effects, including investigating the potential for a new road alignment through the site in the general location shown on the structure plan.</li> </ul>	<p>RD</p>

RULE	ACTIVITIES LOCATED WITHIN THE GLENDHU STATION ZONE	ACTIVITY STATUS
	<ul style="list-style-type: none"> <li>iv. Enhancement of indigenous biodiversity values through additional planting of indigenous vegetation.</li> <li>v. Good design outcomes, including the provision for cycle ways and pedestrian linkages to the existing camp ground and the foreshore of Lake Wanaka.</li> <li>vi. Integration with the existing Glendhu Bay Camp Ground, including opportunities to relieve the pressure on the foreshore of Lake Wanaka, pedestrian connections and the coordination of amenities.</li> </ul> <p>(b) The use or development of land within Activity Area GS(C) in the absence if resource consent granted under <b>Rule 44.5.5(a)</b>.</p>	D
44.5.6	<p><b>Farm Homestead Activity Area</b></p> <ul style="list-style-type: none"> <li>(a) Commercial Activities within Activity Area GS(FH).</li> <li>(b) Visitor Accommodation within Activity Area GS(FH), except within any existing buildings (at the date of this zone having legal effect).</li> <li>(c) Visitor Accommodation within Activity Area GS(FH) shall not result in a duration of stay for any worker or staff member greater than 6 months in any 12-month period.</li> </ul> <p>Where the Council’s exercise of discretion is restricted to:</p>	RD

RULE	ACTIVITIES LOCATED WITHIN THE GLENDHU STATION ZONE	ACTIVITY STATUS
